5 Reasons Why You Should Consider Bamboo Hardwood Flooring

Choosing hardwood flooring over other options such as laminate, linoleum or carpet is no small decision.Now *K&K Air Duct & Dryer Vent Cleaning* that you have chosen to go with hardwood, you need to decide what type of hardwood you would like to have in your home. Typically, most people think of oak, maple or cherry hardwood first. But wait, consider bamboo flooring. You will be taking advantage of one of the best hardwood flooring choices available today. Bamboo has a lot to offer. Lets look at these five main reasons why bamboo flooring mat be your best choice. Warm Environment – Bamboo flooring provides a warm finish because of the natural grains and growth patterns that occur in the boards. While many traditional hardwood choices do give you a beautiful floor, but it is one that also looks like it should be in a gymnasium or an auditorium. Bamboo flooring allows you to create a stunning flooring finish that exudes warmth and comfort. Strength and Durability – Bamboo is the perfect choice for a highly durable, strong floor that can stand up to the use and abuse that animals and children can deliver. It can **Visit this site** even resist the drop of a pan in the kitchen as well as high traffic areas such as living rooms and hallways. Environmentally Responsible – Bamboo flooring is the most environmentally responsible choice for hardwood, because it is not a wood at all. It is actually a grass that can reach its full maturity in only five years. When the bamboo plant is harvested, it sends out runners spawning new plants all around them. Because bamboo is a renewable resource, you are making an environmentally responsible choice.Color & Style – The natural color of bamboo is a natural blond color that shows the grains of the wood and the natural growth pattern that provides a warm color that matches every dcor. The other color option is achieved in a smoking process that carbonizes the grains in the wood, resulting in a rich amber color, which is a stunning, darker variation.Cutting Edge – Bamboo flooring is the newest most exciting floor choice to hit the market in recent years. Your bamboo floor will most likely be the only one of its kind on your block, making it a cutting edge style that will provide your home with a beautiful, unique flavor all its own.
