Thirty years is a long time in any trade, especially one that spends its working days out in the Welsh weather. Redland Roofing Cardiff is an independent, family-run roofing business from South Wales that has served Cardiff and South East Wales for over 30 years. In that time we have worked on just about every kind of roof the city has to offer, from slate-covered Victorian terraces in Pontcanna and Riverside to interwar semis in Rhiwbina, 1970s homes in Pentwyn and newer estates in Pontprennau and Thornhill. Being family run shapes how we work. We are independent, so we answer to our customers and nobody roof inspection Cardiff else. That means we can give honest advice, and we will not recommend a replacement if a repair will do. It also means our reputation is personal. Every job carries our name, which is why we offer free, no-obligation quotes, transparent pricing with no hidden costs and guaranteed workmanship. If something is not right after we finish, we come back and sort it, because that is how a family business earns its standing over the years. For roofers in Cardiff, experience counts for a lot. Much of the older housing in Roath, Cathays, Splott and Adamstown has slate roofs and chimney stacks that need careful repointing, flashing and lead work. Conservation areas such as Pontcanna and parts of Roath can call for Cardiff Council consent where materials change, and we have experience working in those areas. Flat-roofed rear extensions, dormers and garages appear in every neighbourhood, and EPDM rubber flat roofing is one of our specialities, alongside GRP fibreglass and felt. After three decades, very little on a Cardiff roof surprises us.
