What is Crazy Time?

At its core, Crazy Time is a live dealer game reveal built around a giant, vertically installed 56-segment wheel. Hosted by charismatic presenters in fancy, colorful studio sets, the game operates 24/7, streaming in hd directly to desktop and mobile gadgets.

Unlike standard table games like blackjack or live roulette, which count on standard gambling establishment formats, Crazy Time simulates television game programs. Gamers place bets on where they believe the wheel bitz.io will stop, however the inclusion of a leading slot multiplier and four interactive benefit rounds elevates the experience far beyond a basic spin of the wheel.

The Wheel Breakdown

Understanding the game begins with the design of the wheel itself. The 56 sections are divided into mathematical bets and bonus game triggers.

Wheel Segment Payout/ Feature Number of Segments on Wheel **Number 1** Pays 1:1 21 **Number 2** Pays 2:1 13 **Number 5** Pays 5:1 7 **Number 10** Pays 10:1 4 **Coin Flip** Activates Bonus Round 4 **Money Hunt** Sets Off Bonus Round 2 **Pachinko** Sets Off Bonus Round 2 **Crazy Time** Triggers Bonus Round 1

The Top Slot Feature

Above the main money wheel sits the **Top Slot**, a tiny two-reel fruit machine that spins concurrently with every round of the main video game.

- **Reel 1** screens one of the betting sectors (numbers or perk video games).
- **Reel 2** displays a multiplier (ranging from 2x approximately 50x).

If the horizontal reels line up to develop a match, that multiplier is applied to the corresponding sector for that spin. If a reward video game is selected and gets a multiplier, all rewards inside that perk round are multiplied accordingly, leading to the video game's enormous payout potential.

The Four Crazy Time Bonus Rounds

The real body and soul of Crazy Time are its 4 reward video games. Gamers who position a bet on a specific benefit sector get to get involved when the wheel arrive on it.

1. Coin Flip

- **Frequency:** 4 sectors on the wheel.
- **How it works:** An easy yet thrilling video game of possibility. A coin with a red side and a blue side is turned by a machine. Each side is designated a random multiplier before the flip. Whichever side lands face-up figures out the player's payout.

2. Money Hunt

- **Frequency:** 2 sectors on the wheel.
- **How it works:** The screen transitions to a shooting gallery including a wall of 108 random multipliers hidden behind numerous signs (such as a cactus, target, or sheriff's badge). Players use a cannon crosshair to aim and shoot at a sign of their option before the timer runs out. When time expires, all hidden multipliers are revealed, and players get the multiplier representing their selected target.

3. Pachinko

- **Frequency:** 2 segments on the wheel.
- **How it works:** Inspired by the traditional Japanese arcade video game, a big Pachinko wall is displayed, filled with physical pegs. The host drops a puck from the top, and it bounces down through the maze of pegs up until it lands at the bottom in one of numerous multiplier slots-- or in a "DOUBLE" slot, which doubles all multipliers on the board and activates a drop again.

4. Crazy Time

- **Frequency:** 1 section on the wheel.
- **How it works:** The supreme perk round. Gamers enter a dynamic, virtual wonderland behind a red door, including a gigantic 64-segment wheel.
- Players pick one of three flappers (Green, Blue, or Yellow).
- The host presses a huge red button to spin the wheel.
- Whichever section the selected flapper points to is the multiplier won. If the wheel arrive on "DOUBLE" or "TRIPLE," all multipliers on the wheel are doubled or tripled, and the wheel spins once again (up to a maximum multiplier cap of 20,000 x).

Secret Features That Make Crazy Time Unique

- **Immersive Studio Design:** Evolution Gaming invested greatly in physical set style, developing a whimsical, carnival-like environment that changes a little depending upon the active bonus offer round.
