bonus offer rounds, or a mix of both.

2. **The Top Slot Spin:** Simultaneously while bets are being positioned, a two-reel slot maker positioned directly above the primary wheel spins instantly. The left reel exposes a bet spot (number or bonus offer), and the right reel exposes a multiplier (ranging from 2x approximately 50x). If the bet area and multiplier align, that multiplier is applied to the section for the upcoming spin.
3. **The Main Wheel Spin:** The live host spins the physical wheel.
4. **The Outcome:** When the wheel comes to a total stop, the pointer suggests the winning sector.

The host drops a puck from the top of the board, and it bounces arbitrarily down through the pegs before landing in among several multiplier zones at the bottom. If the puck lands in a "DOUBLE" zone, all the multipliers at the bottom double in value, and the puck is dropped once again for an even bigger payment.
