## What is a Free Social Casino?

At its core, a complimentary social casino is an online video gaming platform that offers traditional casino-style games-- such as slots, blackjack, roulette, and poker-- strictly for home entertainment functions.

Unlike real-money online casinos, social casinos operate on a **freemium** design. Players do not bet real currency to play, nor do they win genuine prize money. Rather, gameplay is sustained by virtual currencies. Because no real money is needed to take part, these platforms typically run outside the stringent regulatory structures governing traditional gaming, making them available to a broader demographic and available in areas where online gaming is limited.

### Comprehending Virtual Currencies

To comprehend how complimentary social gambling establishments function, one must understand their dual-currency system. A lot of platforms utilize two unique kinds of virtual tokens:

1. **Gold Coins (GC):** These are purely for entertainment. They hold no real-world value and can not be redeemed for money or prizes. Players receive these through everyday logins, accomplishments, marketing occasions, or by purchasing optional bundles.
2. **Sweeps Coins (SC) or Sweeps Cash:** Used primarily on "social sweepstakes" platforms, these tokens can be used to go into promotional sweepstakes video games. Under particular conditions and upon meeting minimum thresholds, Sweeps Coins won through gameplay can often be redeemed for cash rewards or present cards. *(Note: Not all social casinos include Sweeps Coins; some are purely for fun with Gold Coins).*
