If the gamer cashes out in time, they win their bet increased by the present coefficient. If the plane flies away (crashes) before they squander, the bet is lost.

Unlike conventional casino video games determined entirely by rigid reels or static card offers, Aviator gives gamers a sense of agency. The decision of when to gather profits rests entirely in the user's hands.

Secret Features of the Aviator Online Experience

- **Live Statistics:** Players have access to real-time data revealing previous multipliers, continuous bets from other individuals, and a leaderboard highlighting the greatest wins of the day, month, and year.
- **Double Betting:** Aviator enables gamers to position 2 separate bets on a single round. This opens up advanced betting methods, such as squandering one bet early to secure earnings while letting the second bet trip for a greater multiplier.
- **Vehicle Play and Auto Cash Out:** For players who choose a structured approach, the game offers automated functions. Automobile Play locations bets automatically, while Auto Cash Out collects jackpots as soon as an established multiplier is reached.
