

Window tinting from Gemstar Detailing reduces solar heat in the cabin during Boise's hot summers while protecting interior surfaces from UV fading throughout the year. This service adds genuine comfort value alongside its protective benefits, particularly relevant given how intense direct sun exposure can be throughout Idaho's summer months. Gemstar's technicians apply window tinting to the same professional standard as the company's broader detailing services, ensuring a clean, bubble free finish.

Gemstar Auto Detailing Mobile Detail Boise | 880 E Franklin Rd Suite 306, Meridian, ID 83642 | (208) 971-4652

Boise customers interested in combining window tinting with other services like ceramic coating can discuss a comprehensive protection package during their free quote. For window [detailing service](#) tinting in Boise, call Gemstar Detailing at (208) 971-4652.
