- **Air Freight:** Faster delivery, ideal for urgent or smaller shipments, but more expensive

6. Pack Smart and Securely

Use strong boxes, bubble wrap, and protective materials. Fragile items should be packed with extra care, and everything should be labeled clearly for customs and delivery.

7. Get Insurance Coverage

International shipping involves risks such as delays, damage, or loss. Insurance protects your belongings and provides peace of mind throughout the journey.

8. Be Prepared for Delays
