Budgeting and Timeline Tips

- Start early: Popular weekend slots fill quickly, especially in spring and early fall. Booking 4–8 weeks out is smart.
- Bundle wisely: Pairing performers with inflatables through a single vendor can streamline logistics and often saves money.
- Match duration to guest count: For up to 12–15 kids, 60 minutes of balloon twisting or clowning is usually enough. Larger groups benefit from an assistant or longer time blocks.
- Prepare the space: Reserve a shaded area for performers, provide a small table, and plan a photo spot with good lighting.
