What is Crazy Time?

At its core, *Crazy Time* is a live dealership game show hosted by an enthusiastic, energetic presenter. The focal point of the video game is a huge, vertically mounted wheel including 54 sectors. Gamers put bets on the sector they think the wheel will stop on.

While the principle sounds easy, the integration of a **Top Slot**-- a secondary two-reel slots that spins simultaneously with the primary wheel-- injects random multipliers into each and every single round. If the Top Slot lines up a bet type with a multiplier, every win connected with that bet is drastically enhanced.

The Wheel Breakdown

To understand how the game works, one need to look at the layout of the 54 segments. The wheel is divided into numbers (1, 2, 5, and 10) and four reward round sections.
