For those curious about why this virtual plane has caught the hearts of Kenyan punters, this extensive guide explores how the game works, strategies gamers use, and how to enjoy it properly.

What is the Aviator Game?

Established by Spribe, Aviator is a social multiplayer game coming from the "crash game" category. Unlike conventional fruit machine with spinning reels or table video games with intricate guidelines, Aviator is constructed around an increasing curve that can crash at any time.

The premise is uncomplicated:

1. **A plane takes off**, and with it, a multiplier coefficient starts to increase.
2. **Gamers place one or 2 bets** before the round starts.
3. **The objective is to cash out** before the fortunate aircraft flies away (crashes).
4. If a player squanders in time, they win their stake increased by the existing coefficient. If the plane flies away before they squander, the bet is lost.

This blend of timing, psychology, and risk management has actually made it a staple across nearly every significant betting site in Kenya.
