Ruining Stereotypes: The Glass Ceiling and the Role of Women Glaziers

At Shattering Stereotypes, we are honored to be breaking obstacles and resisting traditional gender functions in the area of glazing. For far too long, the glass ceiling has actually restricted chances for women in various occupations, consisting of glazing. Nonetheless, our team of skilled women glaziers verifies that when provided equal opportunities, females can master any type of market.

What is the Glass Ceiling?

The term "glass ceiling" describes the unseen barrier that prevents women from advancing to greater settings in their jobs, commonly in male-dominated sectors. While considerable progression has actually been made in the last few years to get rid of sex bias, there are still industries where stereotypes persist and hinder females's progress.

One such sector is glazing, which normally involves the setup and repair of glass in various frameworks. Regardless of the physical needs and technological abilities called for, female glaziers have actually been marginalized and greatly underrepresented in the career. Nonetheless, at Ruining Stereotypes, we are changing the narrative by giving possibilities for talented ladies to flourish in the glazing sector.
