What is the Aviator Casino Game?

Established by Spribe, Aviator is a social multiplayer crash game. The concept is stealthily easy: an aircraft takes off, and as it ascends, a multiplier coefficient increases. Gamers put one or 2 bets before the round starts, and the goal is to cash out before the airplane suddenly flies away (crashes).

If a gamer cashes out effectively, their stake is increased by the present coefficient. However, if the plane flies away before they cash out, the bet is lost.
