Plumber Riverside CA

BBB Accredited Plumber Riverside CA Plumbing Matters License 1078778 Professional credentials matter when choosing a plumber for work on a Riverside, CA home, and Plumbing Matters Rooter and Plumbing Services Incorporated has [Plumber Riverside CA](#) the credential profile that homeowners and property owners should be looking for before committing to any plumbing contractor. California Contractor License 1078778 is the primary credential, the state-issued license that authorizes Plumbing Matters to perform plumbing work throughout California and that requires verified insurance and bond coverage as a condition of issuance and renewal. BBB accreditation since January 2022 is the second key credential. BBB Accredited Businesses must meet specific standards for honesty, transparency, and responsiveness to customer concerns, and the accreditation reflects Plumbing Matters' commitment to operating within those standards over an extended period rather than just at the time of initial accreditation. The BuildZoom score of 99 places Plumbing Matters in the top 15 percent of all California licensed contractors based on permit activity and performance verification, which is the independent third-party equivalent of the customer reviews. And the 5.0-star rating across 411 Google reviews from Riverside and Inland Empire customers is the market-level validation that confirms the professional credentials are backed by consistent, quality service delivery.
