What is Crazy Time?

At its core, **Crazy Time** is a live dealer game show built around a huge, vibrantly colored mechanical wheel. Operated by a passionate, energetic human host, the video game combines the basic mechanics of money-wheel video gaming with advanced augmented reality, random number generator (RNG) multipliers, and four distinct benefit rounds.

Unlike basic casino video games where players bet your house in a singular environment, Crazy Time is a communal experience. Countless bitz.io gamers from around the world can view, chat, and win together in real time, making the atmosphere electric.

How the Game Works: Mechanics and Betting

The video game begins with the host spinning a 52-segment wheel. Before the wheel is spun, gamers need to put their bets on the result. The segments on the wheel consist of numbers and benefit video games:

- **Numbers:** 1, 2, 5, and 10
- **Bonus offer Games:** Pachinko, Cash Hunt, Coin Flip, and Crazy Time

Betting Options Overview

Bet Type Segments on Wheel Payment Probability **Number 1** 21 1:1 ~ 40.38% **Number 2** 13 2:1 ~ 25.00% **Number 5** 7 5:1 ~ 13.46% **Number 10** 4 10:1 ~ 7.69% **Pachinko** 2 Benefit Round ~ 3.85% **Cash Hunt** 2 Benefit Round ~ 3.85% **Coin Flip** 4 Bonus Round ~ 7.69% **Crazy Time** 1 Bonus offer Round ~ 1.92%

To play, an individual merely puts a chip on several of these eight wagering alternatives. If the flapper stops on the segment the player selected, they win!

The Top Slot Feature

Including an additional layer of anticipation to every round is the **Top Slot**, a mini two-reel fruit machine located directly above the main money wheel.

Simply as the host spins the wheel, the Top Slot spins all at once. It generates:

1. One random bet area (either a number or a bonus offer video game).
2. A random multiplier (ranging from 2x up to 50x).

If the horizontal lines align and the main wheel arrive on that specific bet area, the multiplier is applied to the payout, turning standard wins into enormous payouts and supercharging the bonus rounds.
