

When tackling home remodels, cleanouts, or just upgrading your old appliances, one common question pops up: **How much does appliance disposal cost in a roll off dumpster?** If you're in Hampton Roads and considering renting a dumpster, understanding the fees involved in disposing of bulky appliances like refrigerators, washers, and dryers is essential.

At **D.E.M.M. DUMPSTERS LLC**, we've spent over a decade helping homeowners and contractors keep projects moving with straightforward, transparent pricing and dependable service. Let's break down everything you need to know about rolling your old appliances into a dumpster and what fees to expect.

Why Use a Roll Off Dumpster for Appliance Disposal?

Appliances are large, heavy, and often require special handling when it comes to disposal. They can't just be tossed into regular trash due to:

- Environmental regulations for refrigerants and hazardous materials
- Local disposal rules requiring specific recycling processes
- Weight and size that impact how dumpsters are filled and charged

A roll off dumpster rental is a convenient way to manage this load, whether you're clearing out a fridge, washer, or multiple appliances during a residential remodel or contractor jobsite cleanup. Companies like **D.E.M.M. DUMPSTERS LLC** specialize in making this process easy with transparent pricing, a range of dumpster sizes, and same-day or next-day delivery availability in Hampton Roads neighborhoods.

Understanding *Appliance Disposal Fees* with **D.E.M.M. DUMPSTERS LLC**

Here's the scoop: when you rent a dumpster from D.E.M.M., your base rental price covers the dumpster over several days (3, 7, or 14, depending on your choice) including a weight allowance, but appliances come with an additional disposal fee. These fees cover the special handling and recycling processes needed.

Sample Pricing for 10 Yard Roll Off Dumpster

Rental Period Price Included Weight (Tons) Overage Cost Per Pound
3 Days \$349 2 Tons \$0.095/lb
7 Days \$399 2 Tons \$0.095/lb
14 Days \$469 2 Tons \$0.095/lb

Note: The included tons cover typical household debris weight. Appliances add weight and require additive disposal fees.

Appliance Fees Explained

D.E.M.M. DUMPSTERS LLC charges a flat fee per appliance to cover their eco-friendly disposal. This fee is usually around **\$50 per appliance**. Let's review common appliance types and expected fees:

- **Refrigerator disposal dumpster fee:** \$50 each
- **Washer dryer disposal fee:** \$50 each
- **Other large appliances:** \$50 each (e.g., ovens, dishwashers)

Since refrigerators and washers can be bulky and heavy, it's important to factor this per-unit cost into your budget when renting a dumpster for appliance removal.

Choosing the Right Dumpster Size for Appliance Removal

D.E.M.M. DUMPSTERS LLC provides roll off dumpster sizes in 10, 15, and 20 yards. Selecting the right size is important to avoid unnecessary overage fees and extra trips. Here's a quick guide to help you decide:

1. **10 Yard Dumpster:** Ideal for a few large items plus general debris. Fits roughly the volume of a standard pickup bed.

2. **15 Yard Dumpster:** Better if you have multiple appliances or additional renovation debris stacked together.
3. **20 Yard Dumpster:** Recommended for substantial projects with many bulky items or mixed debris.

If you're unsure, **D.E.M.M. DUMPSTERS LLC** offers expert sizing help either by phone or through their website's online booking tool, ensuring you get enough space without paying for unused capacity.

How to Book Your Dumpster with Appliance Disposal in Mind

Making your reservation is easy thanks to D.E.M.M.'s streamlined service options.

- **Online Booking:** Head to demmdumpsters.com to view available dates, dumpster sizes, and pricing in real time. The system allows you to specify special items like refrigerators or washers to factor fees seamlessly into your quote.
- **Phone Calls:** Prefer the human touch? Call the local Hampton Roads team to discuss your project. They'll help you select the best dumpster size, explain fees including appliance disposal, and schedule delivery aligned with your timing needs.

Additional Perks and Fees to Know

- **Upfront Pricing and No Hidden Fees:** One of D.E.M.M. DUMPSTERS LLC's commitments is transparency. The price you see on your quote is exactly what you pay, including appliance fees, weight limits, and taxes. No surprise charges at pickup time.
- **Same-Day or Next-Day Delivery:** Many times, if you book early in the day, your dumpster can arrive the same or next business day — keeping your project's momentum alive.
- **Weight Limits and Overage Costs:** Each rental comes with a weight allowance (typically 2 tons for a 10-yard dumpster). Excess weight is billed at \$0.095 per pound. Appliances add weight quickly, so it's smart to plan accordingly.

Real-World Example: Appliance Disposal Cost Breakdown

Let's say you're renting a 10 yard dumpster for 7 days at \$399, and you plan to dispose of two appliances – a refrigerator and a washer. Here's how fees break down:

Fee Description	Cost
10 Yard Dumpster Rental (7 Days)	\$399
Refrigerator Disposal Fee	\$50
Washer Disposal Fee	\$50
Total Estimated Cost	\$499

This total includes the dumpster rental plus both appliance fees upfront, helping you budget precisely with no surprises.

Final Thoughts

When it comes to disposing of refrigerators, washers, dryers, and other bulky appliances in a roll off dumpster, **D.E.M.M. DUMPSTERS LLC** offers transparent, reasonable pricing and convenient scheduling tailored to Hampton Roads homeowners and contractors alike.

Remember these key takeaways:

- Expect an appliance disposal fee around **\$50 each**.
- Choose a dumpster size that fits your volume — 10, 15, or 20 yards.
- Use tools like online booking at demmdumpsters.com or phone support for expert sizing and scheduling advice.
- Take advantage of upfront pricing and optional same-day or next-day delivery to stay on schedule.
